## VISIT TO PIXEL

### Thursday 26th February

- 9.30 **Welcome to Pixel** Elisabetta Delle Donne
- 9.50 **Pixel Presentation** Anna Dalrymple
- 10.10 **Presentation on the European Projects coordinated by Pixel:** Anna Dalrymple  
**Art-Net:** funded by the European Commission (DG Education and Culture). The project aims to develop a multimedia platform for the exchange of didactic material for the teaching and learning of artistic subjects.  
**ELS - European Languages for Secretaries:** funded by the European Commission (DG Education and Culture). The aim of the project is to create a language training portal for secretaries and administrative assistants working in businesses and Public and Private bodies.  
**EduRobot:** funded by the European Commission (DG Education and Culture). The project aims to train students from technical schools on an efficient use of the methodologies used for transnational collaboration in the research sector, focusing in particular, on the sector of robotics.
- 10.45 **Presentation of the Q.T.L Project** Andrea Peraldo  
The Q.T.L (Qualità Turismo Lucca) is funded by the Province of Lucca and by the European Social Fund. The aim of this project is to design and carry out a training course for businesses involved in the tourist industry, based on the theme of client relations and quality in the tourist sector.
- 11.30 **Presentation on a selection of European Projects in which Pixel is a partner** Francesco Girotti
- 12.15 **END OF SESSION**  
**AFTERNOON FREE TIME IN FLORENCE**

### Friday 27th February

- 10.00 **Presentation of the Welcome Project** Lorenzo Martellini  
The **Welcome** project is funded by the Province of Siena and by the European Social Fund. The project's objective is to implement a training course for businesses operating in the tourism industry.
- 10.45 **Presentation of the Net-Impresa Project** Domenico Orlandi  
The **Net-Impresa** project is funded by the Province of Massa-Carrara and by the European Social Fund. The project aims to design and create a training course for Small and Medium sized Enterprises based on the subject of Information Technology, Internet and Electronic Commerce.
