

# Innovative Practices in Vocational Education and Training

Study Visit

## OBJECTIVES OF THE STUDY VISIT

The study visit aims to provide participants with the opportunity to get to know and compare with own experience, the strategies and practices for the management of vocational education and training initiatives in Italy.

The specific objectives of the “Innovative Practices in Vocational Education and Training” Mobility Initiative is to give participants the opportunity to:

- Acquire a better understanding of the Italian and Tuscan Vocational Education and Training system
- Acquire knowledge about the current policies and strategies for the organisation and management of the Vocational Education and Training system
- Acquire information about how Vocational Education and Training systems are organised and managed in Italy and in Tuscany in particular
- Experience the delivery of lectures in the field of interest of the participants in both vocational education schools and training institutions
- Acquire information of the existing methods and experiences for the organisation and management of vocational education and training initiatives
- Share best practices with vocational education and training institutions both at public and private level
- Develop new contacts and explore opportunities of cooperation with public and private institutions operating in the Educational and Vocational Training system in Tuscany

## EXPECTED RESULTS

The individuals who participate in the study visit will have the opportunity to get to know new methods, strategies and solutions for a successful management and development of educational and vocational training initiatives within the public and private Vocational Education and Training system in Italy and in Tuscany in particular.

Furthermore, the programme will give the participants the opportunity to meet with school directors and teachers, with managers of public and private training institutions and with public key policy makers operating in the vocational educational and training system and share with them experiences, problems and best practices.
