

ACE

Mobility Initiative

March 2014

OBJECTIVES OF THE INITIATIVE

The objectives of the “ACE” Mobility Initiative is to give a group of technical and vocational school students the opportunity to:

- Have a practical in company work experience
- Learn about different working methods in use of enterprises in Italy
- Acquire skills working on the field to foster their future employability
- Acquire a better motivation to learn
- Get to know the European Labour Market

TARGET GROUP

The “ACE” Mobility Initiative is addressed to a group of technical and vocational school students accompanied by their trainers.

The technical and vocational school students involved in the initiative should have good school grades and should be willing to have a European experience helping them to develop specific skills related to their subject area as well as to get to know the Italian labour market in their subject area.

RELEVANCE OF THE INITIATIVE

The “ACE” Mobility Initiative is relevant to respond to the needs of the students involved because it will give them the opportunity to:

- Learn abroad and develop practical skills that enhance their future employability, by working in a different professional environment that provide them with a better approach to the European Job Market
- Have a direct contact and get to know the European Labour Market, participating in in-company training activities so as to understand the needs and expectations of of Software house developing internet websites and portals also learning about different existing experiences and work methods of another European Country (i.e. Italy)
- During the in-company visits the students will have the possibility to discover how companies operating in Italy in their field of study, carry out their activities. The students will find out how these companies organize their work as well as the specific skills and expertise their staff should have.
- Get in contact with professionals of other country, working in the same field area. This will give the students involved the opportunity to develop a more aware and open minded approach to the concept of European citizenship.

PREPARATION

The students involved in the “ACE” Mobility Initiative, before the beginning of the mobility project will have to:

- Review the basic concepts of their field of study in order to be ready for the working experience.
- Carry out a brief study on the Italian labour market and prepare a list of questions and topics of discussion that will be proposed to their in-company tutor during their two weeks internship period.

ORGANIZATION AND PRACTICAL SUPPORT

The “ACE” Mobility Initiative has a total duration of 2 weeks, they are organized in:

- 1/2 day of orientation, preparation, final evaluation
- 1/2 day of cultural visit
- 9 days of work experience in Italian companies

Therefore at the end of the initiative, the students will:

- have had a working experience in their area of studies in an Italian company.
- have known the working method of an Italian company in their area of studies
- have acquired a practical experience of the Italian labour market.

The “ACE” Mobility Initiative is combined with a half board accommodation package for every participant.

The package proposed includes:

- 13 nights stay in Florence in 3/4 bedroom hotel + a single room for the teachers.
- 12 breakfast at the hotel
- 13 dinners at a restaurant near the hotel

MONITORING

During the “ACE” Mobility Initiative the supervision of the participants is carried out in close cooperation between Pixel tutor, the in-company tutor and the students’ national teachers. The correct development of the training programme is monitored by the organizers of the initiative at Pixel, the host institution. The progress of the pupils involved in the work experience is monitored through an internship report that will be produced by the in-company tutor.

VALIDATION OF THE ACQUIRED SKILLS

Each student involved in the “ACE” Mobility Initiative, at the end of the two weeks, receive a the Europass Mobility document to record the competences acquired during the initiative itself. The document is produced in cooperation between Pixel and each Company hosting the internship.

EVALUATION

Each participant in the “ACE” Mobility Initiative, at the end of the two weeks, is asked to fill in an evaluation form focusing on all aspects of their mobility experience in Italy. The evaluation forms are collected by Pixel and they are used to create an evaluation Report on the experience. The results of the evaluation are used for the planning of further mobility initiatives that will be based on the strengths of the experiences concluded and will overcome the weaknesses. The final Evaluation Report will be sent from Pixel to the promoting organization.

THE HOST ORGANIZATION

GENERAL DESCRIPTION

The Mobility Initiative is organized by Pixel, an education and training institution based in Florence (Italy). Pixel was created in 1999 and now has a permanent staff of 15 people and a network of about 100 external experts and trainers that cooperate with them on specific activities.

Pixel has 13 years of experience in the following areas:

- **In Service Training** addressed to Public Authorities, Universities, Schools, Training Institution, Cultural Associations.
- **Initial Vocational Training**, addressed to persons undergoing education and vocational training, to support the acquisition of transversal skills to support their insertion in the labour market.
- **European Projects.** 90 projects were carried out to date in the field of education, training and culture.
- **Projects funded by the European Social Fund.** 40 projects carried out to date in Tuscany in the fields of initial vocational training and in service training.

Pixel has developed cooperative agreements and partnerships throughout Europe with over 400 institutions. Pixel's European partners are: ministries, universities, schools, regions, provinces, municipalities, training institutions, research centres, cultural institutions, schools, hospitals etc. in 30 different European countries.

Pixel is engaged in a constant improvement in the quality of training and consulting services performed. Pixel obtained quality certification according to UNI EN ISO 9001:2000. Pixel is accredited as a training agency in the Ministry of Education. Pixel is accredited as a training agency in the region of Tuscany.

More information on the expertise of Pixel can be found at: <http://www.pixel-online.net>.

STAFF EXPERIENCE AND EXPERTISE

The Mobility Initiative, at Pixel, is organized by:

- Dr. Elisabetta Delle Donne has almost 20 years of experience in the planning and management of international education and training events. She is in charge of the creation of the programme for the group of students, of the identification of the trainers and experts who deliver the practical course.

- Dr. Andrea Peraldo has 10 years of experience in the organization of international training events. He is in charge of the contacts with the local bodies who are actively involved in the initiative (i.e. enterprises, social parties, schools etc). He organizes all activities related to in company training and study visits.

The tutors involved in the delivery of the classroom based part of the Mobility Initiative have a long experience in delivering courses for initial vocational training, adopt a very practical approach for the training, based on the constant integration between theory and practice and speak a very good and clear English.

- Dr. Antonio Giordano has experience in the support to the organization of international training initiatives. He is in charge of tutoring the group of students and is with them from their arrival until their departure. He organizes the cultural visits and social events.
